

Request to Citizens of the Prefecture

On May 14, the **Ishikawa Prefectural State of Emergency** was extended. (May 31→June 13)

In order to protect yourself and your loved ones, we ask for your cooperation in adhering to the 'New Lifestyle', reducing contact with others and seeking vaccination when possible.

Please take the following measures:

- Refrain from going out unnecessarily, including during the daytime, and especially after 8pm. In addition, avoid crowded places and times, as well as eating and drinking establishments not meeting acceptable infection control measures and business hours.
- Refrain from unnecessary travel to and from other prefectures as much as possible.
- Refrain from drinking alcohol in the street or parks, and similar activities with a high risk of infection.
- Refrain from visiting those at medical institutions and elderly care facilities.
- Those with symptoms such as fever should refrain from going to work, school, or participating in social activities.
