

Request to Citizens of the Prefecture

On June 13, the **Ishikawa Prefectural State of Emergency** was lifted, with the risk of COVID-19 infection also being downgraded:

Stage 2: Infection Spread Alert

Stage 2: Infection Spread Warning

In order to prevent a potential virus rebound, be sure to thoroughly practice infection prevention measures as part of your daily life.

We ask for your continued cooperation in adhering to the 'New Lifestyle', reducing contact with others and seeking vaccination when possible.
