

Request to Citizens and Businesses of the Prefecture

Based on the number of new COVID-19 cases, **an infection spread alert has been issued**. We would like to request the following from citizens and businesses of the prefecture:

- ① In light of the multiple clusters that occurred at dinners before and after coming-of-age ceremonies, be sure to refrain from eating together in large groups, especially young people.
- ② Refrain from nonessential and non-urgent outings
 - Avoid travelling to and from Tokyo, Chiba, Saitama, Kanagawa, Osaka, Kyoto, Hyogo, Aichi, Gifu, Fukuoka and Tochigi.
 - Use caution when traveling to and from other areas where the infection has spread.
 - Consider holding work meetings etc. online.
 - Return home promptly having finished work in another prefecture.
- ③ Adhere to the “New Lifestyle” guidelines (maintain social distance, wear a mask etc.)
- ④ Elderly people at greater risk of severe illness should act with particular caution.

In addition, **the sale of new “Go To Eat” meal tickets will be temporarily suspended** from January 25 until further notice.
